

Suleyman Anil

Head, NATO Computer Incident Response Capability (NCIRC)-CC, NOS/PRB

Nationality: Turkish

Before he joined NATO, Mr. Anil worked for ITT and ALCATEL groups for ten years on various IT projects around the world. After joining NATO in 1989 and 14 years of INFOSEC Operations within NATO, Mr Anil has recently been assigned with the Head of NCIRC Coordination Centre responsibilities in NOS in April 2003. He is responsible for NATO-wide co-ordination of NCIRC services and resources for prevention and responding to computer security incidents on NATO systems. He is also responsible to establish NATO's liaison with National and International organisations related with NCIRC activities.

Mr. Anil has a degree in Electrical Engineering and attended studies in Computer Science. He can be reached at +32 2 7074939 or s.anil@hq.nato.int
